

## WELCOME

Materia is a platform designed to help supplement your online course with interactive games & study tools called widgets. Follow the steps below in this guide to see how to create a Hangman widget.

Navigate to Materia

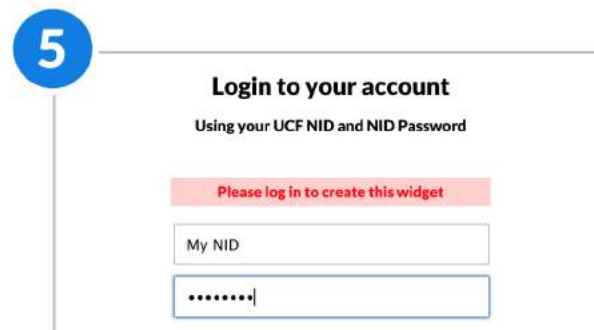

Select **Widget Catalog**

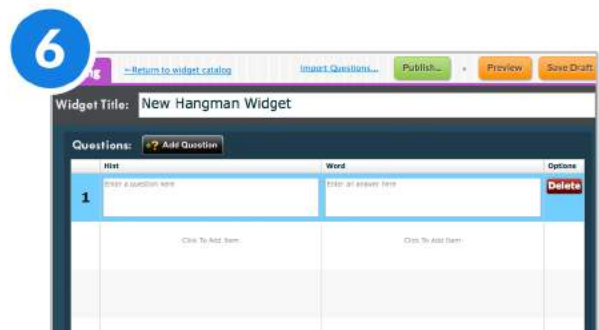

Select the **Hangman** widget

Click on **Create your widget**

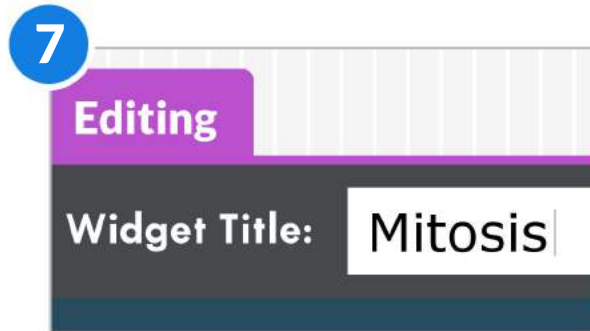

Login with your NID & NID Password

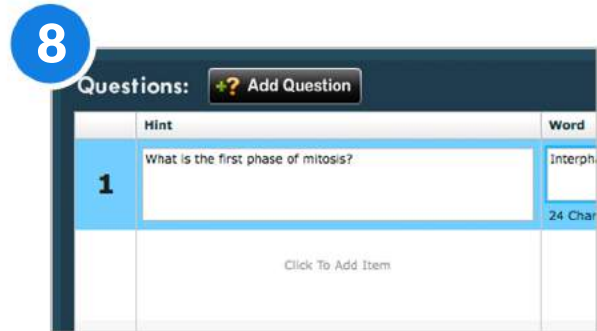

Now start building your Hangman widget...

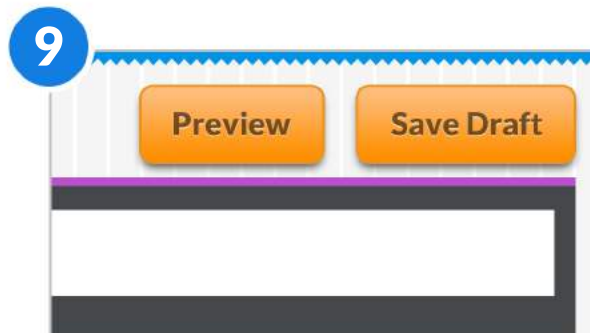

CONTINUE  
ON BACK

Give your widget a title

Enter hints and words to guess

Click **Preview** to test your widget  
Click **Save Draft** to save progress

When finished, click **Publish**

You've created your first widget!

Now take a look around the widget catalog and explore other widgets

## USING YOUR WIDGETS

Visit [online.ucf.edu/support/materia/](https://online.ucf.edu/support/materia/) for some how-to guides on using your widgets in your online course.
